

## New Pathways to Gold

---

### **SMALL PROJECTS APPLICATION FORM**

Overview: While the New Pathways to Gold Society has an objective of funding projects that provide for long-term heritage based projects through establishing partnerships with local organizations, the Society recognizes that many smaller projects being of a short-term or immediate nature are also valuable. To facilitate such projects, the Society dedicates \$ 25,000 per year to these types of project with the expectation the full cost to New Pathways for each proposed project will be capped at \$ 5,000 for each project. If your organization is interested in applying for small project funding, please submit an application that addresses the following requirements. As the Board meets quarterly (mid-January, mid-April, mid-July and mid-October), the Board asks applications to be submitted no later than March 15<sup>th</sup> for the April Board meeting or September 15<sup>th</sup> for consideration at the October Board meeting. As 2017 is an introductory year for this funding, applications will be received through the summer period

#### Required Information:
